

Global Partners takes being a good neighbor seriously.

Join us Aug. 24 to learn about changes coming to our Albany Terminal.

You are invited

WHAT
Albany Terminal
Virtual Public Meetings

WHEN
Thursday, August 24 • 1:00 pm
Thursday, August 24 • 7:00 pm

HOW TO ATTEND
Follow the link at
GlobalAlbany.com

Being a good neighbor is part of the responsibility that comes with running a facility like our Albany Terminal. That's why we're inviting you to a virtual meeting to learn more about changes we're proposing as we prepare to renew the terminal's air permit. Proposed changes include:

- **Decreasing the amount of crude oil** that can be shipped through the terminal by more than 75%.
- **Increasing our ability to store renewable biodiesel** to reduce greenhouse gases.
- **Installing enhanced controls** to more effectively treat emissions.
- **Reducing truck idling** to cut customer wait time.
- **Reducing train impacts** to improve efficiency and reduce locomotive use.

Please join us at the virtual meetings at 1-2 p.m. or 7-8 p.m. Thursday, Aug. 24. Find the link at [GlobalAlbany.com](https://www.globalalbany.com).
